B. Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and support services.
  - Providers that are a part of MFC-DC's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to enrollees in MFC-DC. The providers in our network will bill us directly for care they give you. When you see a network provider, you will pay nothing for covered services.
